- Keep moving, if you stop to do a performance at Lytton Square, keep it 1 minute or less and move along.
- DO NOT STOP during any other point in the parade to do a performance, or karate moves, or tell a joke – perform while you keep marching
- Stay no more than 20 feet behind the entry in front of you in the parade.

Candy:

NOTE: There will be no throwing of candy (or anything else) from the parade floats or vehicles allowed

- You may use walking members of your group to hand out candy
- To avoid little kids getting run over, or wrestling with bigger kids over candy on the street, please have your walkers put the candy into their hands, **DO NOT THROW IT.**
